LOS ANGELES, CALIFORNIA, THURSDAY MORNING, JUNE 22, 1882.

NO. 16.

AFTERNOON DISPATCHES

Resolutions Passed by the San Jose Convention.

The Man who Murdered Frederick makes the Resolutions—Chinese Resolutions—Demands of the Sunday Law.

Associated Press Dispatches.

SAN JOSE, June 21.—The Convention was called to order at 10 A. M. The Committee on Credentials reported the San Francisco contest decided in favor of H. G. Platt. Report adopted.

The Committee on Permanent Organization presented a report for the permanent President. The order of business was as follows: Selection of State Central Committee, by the Convention; one from each Senatorial district and two from each Congressional district; nomination of officers as follows: Governor, Lieutenant-Governor, two Justices of the Supreme Court, two Congressmen-at-Large and other State officers. The report recommends that Railroad Commissioners, Congressmen and members of the State Board of Equalization be selected by the respective district delegations at their pleasure. Report adopted.

THE PLATFORM.
The Democracy of the State of California, as represented in Convention, hereby declare, that with unshaken faith in the soundness of the constitutional principles and traditions of the Democratic party, as illustrated by the teachings and example of a big line of Democratic statesmen and patriots, and expressed in the platform of the last Presidential Convention of the party, we pledge ourselves to maintain these principles, and to labor to make them paramount in the administration of the State and General Government.

Resolved, That the Democratic party of California tenders its thanks to the Democracy of the Union for a long, earnest and partially successful struggle, through the Democratic Congressmen, with a hostile Republican administration against Chinese immigration in behalf of the highest interests of the people of this Coast. Such action again illustrates the high character of the party's pledges given to the people in the platform of the successive Presidential Conventions. Again recognizes that the people of each locality are the best judges of the local conditions and necessities, and again declares the great doctrine that it is the duty of the general government to heed their complaints and to extend its strong arm for their protection.

Resolved, That the Democratic party of California recognizes, with the highest approbation, the prompt and determined movement in their behalf made by the workingmen of the Eastern States (notably of Pennsylvania) in presenting the demand of a free people as an irresistible power against the combined efforts of vast corporations and the monopolists of the Chinese trade, who, in the name of the brotherhood of man and under the cloak of universal charity, were endeavoring to thwart every effort made in behalf of the permanent existence of the white man in California; and we recognize the interests of white labor everywhere as in full alignment with the advancing movement of the Democracy of the Union in its purpose to save the heritage we have a right to enjoy from the merciless savages of the Asiatic pests who have already captured many of our best industries, impoverished thousands of our people, drawn large numbers into debauchery and crime, and almost excluded Eastern and European immigration.

Resolved, That the Chinese now in California are an unmixable curse to this people, their presence is a constant evil, reaching to blast every avenue of labor and every branch of trade; that they are, and so long as they remain will continue to be, an insurmountable barrier in the pathway of California towards the high civilization which nature has so amply equipped her; that in view of this condition, we confidently appeal to the Democracy of the Union for our deliverance, and claim, as one of its first duties, the support, as a freeman, towards the enfranchising right arm of the Democratic party of the Union, whose fidelity has been proved, for the early and perfect accomplishment of this great work.

Resolved, That the constant pretense of the R. Republican party organizations and of the Republican leaders in California and in the Eastern States, that the "ten year law" has taken the Chinese question from the arena of political issue, is deceptive in purpose, and will ever be false in fact so long as the Chinese remain in this country.

Resolved, That the Democratic party, inheriting the doctrine of Jefferson and Jackson, hereby declares that no qualified citizen to all summary legislation regarding all such exercises of the law-making power, as against the just claims of free government, and that all laws intended to restrain or direct a free and full exercise, by any citizen of his own religious and political opinions, so long as he leaves others to enjoy their rights unmolested, are anti-Democratic and hostile to the principles and traditions of the party, create unnecessary antagonisms, cannot be enforced, and are violations of the spirit of Republican government; and we will oppose the enactment of all such laws and demand the repeal of those now existing.

Resolved, That the railroad fares and freights should be materially reduced, discriminations in favor of localities or persons should be prohibited and we condemn the majority of the Railroad Commissioners of this State for their faithlessness in the discharge of their

official duties. The nominees of the Democratic party will, if elected, carry out in letter and spirit the declarations of this resolution, as relieving the people, to the extent of their jurisdiction, from the exactions and injustice now practiced with impunity by the railroad company.

Resolved, That most speedy and effective measures should be taken to compel the railroad corporations of California to pay their taxes. No compromise should be made. The property of every corporation, as well as that of every individual, should be assessed at its own value, and the payment of the resulting tax strictly and impartially enforced.

Resolved, That all railroad land grants, forfeited by reason of non-fulfillment of contracts, should be immediately revoked by the government, and that henceforth the domain be reserved exclusively as homes for actual settlers.

Resolved, That the Democratic party declares its unalterable purpose to restrain all private and public corporations within the exact letter of their lawfully granted charters, and to impose upon individuals or the public, whoever may attempt the same under the features of "Lawful Right," or in the arrogances of accumulated money power, and against the rights and interests of all needful legislation towards this end.

Resolved, That the rivers and harbors of this State belong to the people, and that it is the duty of the Federal Government to protect them from destruction and to improve them from time to time, so as to keep them forever open as channels.

Resolved, Recognizing the fact that much of the corruption in politics results from the enormous patronage in the hands of the President of the United States, and its unscrupulous use in carrying elections and maintaining the party in power, and that so long as the temptation exists, the patronage will be so used, thereby degrading party contests to the basest level of a mere scramble for the petty offices in the gift of the Executive Department, the Democratic party of the State of California announces itself as in favor of a reform of the civil service similar to those proposed in the bill introduced in the Senate of the United States by Senator Pettibone, of Ohio.

Resolved, That the Democratic party of California denounces the efforts made by Republican and State electors, to corrupt the conscience of the laws of this State, to use the State University of California in the interests of the President of the United States.

D. S. TERRY, Chairman.
The report requires all balloting to be viva voce; and when the vote of any delegate or delegation is cast and recorded, such vote is not to be changed upon that ballot.

The clause in the platform relative to the Sunday law, and the demand for the ouster of Alameda and Whipple of Sonoma favored the law. Terry, Flournoy, Brady of Fresno, and Oullahan of San Joaquin favored repeal. Holloway and White, of Los Angeles, and Morhouse, of Monterey, wanted to refer to a committee. The vote on motion to strike out the clause was lost—167 ayes, 280 noes, and the plank was adopted.

MUST ENDORSE.
All candidates, other than judicial, who are present in San Jose, are to appear before ballot on their nomination and endorse the platform and resolutions of the convention.

The permanent Vice-Presidents are: J. C. Martin, Niles Searles, J. H. Budd, J. De Barth Shorb and T. B. Bishop; Secretary, E. F. Smith.
David S. Terry, Chairman of the Committee, reported the resolutions.

FARES AND FREIGHTS.
Powell offered a plank requiring the Railroad Commissioners to reduce freights and fares twenty per cent, and retain such reduction during their term of office. Terry said he would support the resolution if the wording should be changed to make a reduction in present tariff, aggregating twenty per cent.

HOTELS, RESTAURANTS, ETC.

LOS ANGELES DAILY TIMES.

ABOUT TOWN.

See notice in "Want" column of office or store to rent.

The Hazel Kirke Company is registered at the Pico House.

Newport now has a Postoffice, with Olwyn Stacy as Postmaster.

Refugio Luis was fined seven dollars and a half yesterday for disturbing the peace.

I. B. Ferguson has moved his residence to the corner of Seventh and Flower streets.

General J. R. Brierly has a fine steel engraving of the State Normal School here, clock and all.

Antonio Escovedo, who was stabbed by Covier last Sunday night in Sonoma town, is somewhat better.

A new book, "The First Annual Report of the Bureau of Ethnology," has been received at the Public Library.

I. Cohn, of the Capitol Store, will arrive from New York to-day, having purchased a mammoth stock of dry goods.

A Postoffice has been established at Calico, San Bernardino county, with W. G. Soule, formerly of this city, as Postmaster.

A commodious tent boarding-house, 18 by 30 feet, has been opened at Old Santa Monica Canyon by Mrs. Fuller and Cummings.

In the Superior Court yesterday Judge Howard reversed Judge Adams' decision in the Ah Fung case, admitting the prisoner to \$250 bail.

There will be special meetings of the fire companies this evening to elect five delegates apiece to a convention to take place to celebrate the Fourth of July.

The Legion of Honor held a meeting on Tuesday night, at which time each member received his new regalia. The Order is progressing steadily in this city.

J. Valdez and A. Cota, better known as "Penchey," were arrested yesterday evening on San Pedro street by Officer McMahon on a charge of disturbing the peace.

The graduating class have declined the reception which was tendered them by the alumni, on account of the death of Mr. James M. Averill, a member of the class of '82.

At a dance house in this city the other evening the mistress threw a lighted lamp at one of her girls, who dodged it. The lamp struck a male visitor on the knee, disabling him from walking. He caught the lamp before it could fall.

A meeting of a portion of the owners of the property on Bunker Hill avenue, between Temple and Court House streets, was held Tuesday evening, and an agreement was had in regard to the grading of Bunker Hill avenue, which will be reported to the Council.

THE FORTIETH TIME.

Again we are obliged to call attention of correspondents to the fact that under no consideration do we publish communications without knowing who the writers are. A number of communications have been assigned to the waste basket recently on this account. The name need not appear in print, but it is necessary that the editor should know who wrote the article. Make a note of this.

AROMATIC WEDDING.

A wedding on the San-Hymen terrace, presided.

A romantic event transpired on Tuesday last. Two hearts longing to beat as one, were only prevented by the opposing will of the parents of the young lady who is being under age there seemed no recourse but to wait until time makes all things even, would set matters right. But love laughs at locksmiths, and likewise stern parents frequently, and this was the case of the bridegroom. The thought came to them that out on the high seas, and out of the jurisdiction of Uncle Samuel and also out of the reach of parental authority, the banns might be found for the young couple's darts, and to think was to act. The persons were Wm. M. Spencer, and Amanda L. Clark, and they are said to hail from the neighborhood of Santa Ana. They repaired to Wilmington, took passage in Captain Hillyer's new yacht *Ida*, and after reaching a point in the ocean twelve miles from shore presented themselves before the genial Captain with the request that they twain be made one flesh. "Twain done," said literally the old sea captain, and he launched upon the sea of life. The young lady is but sixteen years of age.

HAZEL KIRKE.

A fine play well played—will be repeated this evening.

Hazel Kirke opened last night at Tarverville Hall with a full house and an appreciative audience. The play is a strong one, well mounted and abounds in thrillingly affected scenes. Human nature is well portrayed in its many phases, the better and the worse sides being presented. The hard-hearted old father, Dunstan Kirke, in his unfeeling antipathy and domination, and his daughter, who has disobeyed his commands, makes one shudder for his kind. But alas, not only in his plays his counterpart is found. It is too true to nature. While the original company has been subjected to some changes, the cast is a strong one. Miss Ada Gilman's Hazel was very acceptable; Mr. Chase, however, as Travers was good; Pittacus Green, represented by E. M. Roberts, was the best sustained character of the evening, and his poignant hits brought down the house; Dolly Dutton, Miss Virge Emily, was also thoroughly good and enjoyable. The play will continue during the week and Saturday matinee, and our citizens will not regret having made the effort to see and enjoy Hazel Kirke, the play that had a run of fifteen hundred nights in New York city. One can scarcely help being bettered by listening to it. Messrs. Wood & Osborne are making every effort to secure the best troups and furnish amusement for our people, and we hope they will receive the utmost encouragement.

HAZEL KIRKE.

Eighty-two mules have been received here from Canada, Nevada, for work on the Laguna ranch. They are fine animals. Another detachment of sixty head is expected soon. This force will all be put on the plows and harrows to prepare the broad acres of that fine ranch for the coming fall.

A FISHING PARTY.

San Gabrielites Visit Catalina for Sport.

The Game is Too Large for their Hook—Hazel Kirke's Lost Angles—4,000 Pounds of Fish in Ten Days.

The Game is Too Large for their Hook—Hazel Kirke's Lost Angles—4,000 Pounds of Fish in Ten Days.

A party of a dozen residents of San Gabriel, consisting of Mr. Jas. Ford, George Stoneman, Jr., Judge Sewall, Valentine Simmons, Dr. Kellogg, G. D. Sewall, Jr., Mr. Van Nostrand, Chas. Broadbent, I. C. Cooper, Thomas Cooper and S. K. Sewall composed a fishing party which went over to Catalina Island recently for a ten days' piscatorial sport. At Wilmington they engaged a fishing smack for use at the island, and a portion of the party took passage in the smack *Ida*, the new and fast sailing clipper under command of Captain Hill.

The latter portion of the party went "sailing," literally, and made the island in just three hours, without any mishap or adventure. Not so, however, with the party who had taken passage in the smack, and the untimely gray hairs and prematurely aged appearance of the party may be accounted for by the terrible fright which the appearance of a leviathan of the deep caused. When about midway between San Pedro and Catalina they descried a whale a little way off disporting in the waters, spouting up a salt spray, and very much enjoyed the scene. The monster soon disappeared from view and the next appearance was immediately along their little boat and so near as to almost upset the frail craft. The Captain, who told the passengers to make all the noise they could to frighten the beast, and right lustily was his command obeyed. The whale reared his mammoth head from the water, snarled the craft and again with a heavy lunge which almost engulfed them, sank to the depths below, soon to reappear in close proximity to them, following close after or beside them for a quarter of an hour. The leviathan was estimated to be at least fifty feet long, and to the gentlemen, who were entirely at his mercy, seemed as big as a continent, and if ever distance lent enchantment it was in this case.

Their stay at the island was a most pleasant one. The fishing was good, the weather fine, and all conspired to their enjoyment. The party in the ten days bagged 850 barracuda and thirteen "yellow tails," weighing about forty pounds each, with any quantity of rock cod and other fish. The catch aggregated nearly 4,000 pounds, which they gave to a professional fisherman who had bestowed some favors upon them.

The party was supplied with good meat by Thos. Cooper and Tennis Sewall, the mimros of the camp—and the supply was generous.

On Monday four of the party went out on a water to see who could catch the most fish in a given time. In four hours they brought in one hundred and ten barracuda, Mr. Chas. Broadbent having taken thirty-two and winning the wager. They report a most enjoyable time, and a portion of the party will remain another week; most of the party, however, returned yesterday.

To give the expedition the best possible wind-up, they had a wedding party on the high seas, which added spice to the occasion, a young gentleman and lady who failed to get the consent of the "stern parent" of the young lady taking this method of circumventing the law. It is needless to say that the fishers did all in their power to make things pleasant for the young bride.

ALMOST A BLAZE.

W. W. Woodworth's Residence in Dwyer-Incendary.

About 6:30 p. m. Johnnie McConomy came up first street in his buggy, driving furiously to give the alarm of fire, and in about two minutes Confidence Engine company No. 2's hose cart was down at Mr. W. W. Woodworth's residence, on San Pedro street, the scene of the fire.

Arrived there it was discovered that the fire had been communicated to the window curtains of the parlor by an incendiary, but was extinguished through the instrumentality of the garden hose without further damage than the loss of the curtains and a bad scorching of the walls and some articles in the vicinity of the window. Considerable smoke continued to issue from the room, and in order to make assurance doubly sure, that the fire was all out, a large hole was cut in the side of the house over the window and a thorough examination made of the interior space between the ceiling of the room and floor above. It was rumored among the crowd at the fire that an employee recently discharged was the incendiary.

THE COURTS.

SUPERIOR COURT—HOWARD, J.

Nelson vs. Gage—Order given to show cause why injunction should not be granted.

Guardianship of Finlar, minor—Monthly allowance granted.

Holland vs. Green—Motion for execution denied.

Estate of Agnes Peterson, deceased—Final account allowed and distribution ordered.

Miss Ah Fung, habeas corpus—Prisoner released on \$200 bail.

CITY COURT—ADAMS, J.

Richard Hall, for raising a row in a printing office, was fined nine dollars.

J. G. Carpenter was up for something, but what the docket said not.

Miss Ah Fung, convicted of keeping a house of prostitution, was sentenced to twenty days imprisonment, and fined \$45 in addition thereto.

John Roberts got nine days in the chain gang for being drunk.

The sentence of Mary Clancy, convicted of disturbing the peace, was postponed till next Saturday.

Miss Lou Tom, charged with keeping a house of prostitution, was arraigned, pleaded not guilty, a jury was demanded, and the trial was set for June 29th. A verdict of thirty-six years was ordered to issue.

Miss Ling Tow, charged with the same offense, will be similarly tried June 30th.

YOUTHFUL CRIMINALS.

The four young boys, Lorenzo Palma, James Green, Cypriano Cruz and Chas. Anderson, who broke into a fruit store on Commercial street on Monday evening, were arraigned before Judge Adams yesterday, and all plead not guilty.

Their time of trial will be fixed this morning. The boys range in age from twelve to sixteen years. Palma and Cruz are somewhat new at the business. Green, though young in years, is old in sin. He should be sent to some reformatory or training school.

He is a bright, active little fellow, and if vigorous methods were adopted in his moral training, he would be a useful citizen.

Charles Anderson is a young tramp. He says he hails from Oakland. He had been his way to Tucson, and back to Los Angeles.

COMMENCEMENT EXERCISES.

Competitive Declamations at the University.

The prize declamations of the students of the University on yesterday afternoon were very gratifying to the large audience that completely filled the hall. Eleven young ladies and gentlemen entered the lists and deputed themselves in a manner creditable to both themselves and their teachers.

Five gentlemen were selected by the faculty as a committee to award the prizes, who assigned the first prize to Miss Lilly E. Burnett for the recitation of the touching poem, "Papa's Letter;" the second to Mr. Frank E. Robinson, for his delivery of a selection on "Our System of Public Instruction should distinctly teach Love of Country;" and the third to Miss Bertie Whitney, who recited the "Legend of Bregina." Many of the efforts were of a high order, rendering the degree of honor conferred upon the recipients of the prizes one they may well esteem most highly.

Little Miss Etie Banks, in "Entertaining my Big Sister's Beau," displayed rare merit in one so young. Miss Linda Jansen and Miss Bertha Lindley deserve mention as rendering their selections in a worthy manner. Taken as a whole the exercises were such that all friends of the University may feel proud of the success of the day.

FOURTH OF JULY.

The firemen held a meeting and decided upon a plan.

A general meeting of the firemen was held last night in Union Hall to consider the feasibility of celebrating the Fourth of July.

J. R. Brierly was elected Chairman of the meeting, and Daniel Clunan Secretary.

The object of the meeting was stated by the President, and an informal discussion took place as to the parade of the different fire companies and the obtaining of music therefor.

A motion was made to have a night parade of the fire companies.

An amendment to this, to have a day parade, was lost.

The motion for the night parade was then carried.

A motion was then made and carried to have a special meeting of the four fire companies this Thursday evening, to elect five delegates apiece to a convention, which will decide upon a line of action.

PERSONAL MENTION.

Melville D. Laudon (El Perkins) and wife are at the Pico House.

W. B. Griffith, son of Mrs. N. Griffith, returned from Taveston, Arizona, after an absence of five months engaged in mining business.

J. M. Lesser, a prominent lawyer and rabbi of Santa Cruz, and also a State officer of the Independent Order of Chosen Friends, is here on an official visit to the order in this city.

Mr. Sig Newlander, of Buena Vista, California, is in the city purchasing goods. He reports that the crop of barley in that section will be fair, that of wheat small and the corn crop a medium one. They have just completed a commodious town hall there and are sharing in the general business boom of Southern California.

After spending nearly three months in the hospitals of New York and Brooklyn, Dr. Walter Lindley has returned home to resume active operations in the effort to relieve suffering humanity. The following, clipped from the Brooklyn Daily Times, refers to the special object of his visit East:

"Dr. Walter Lindley, of Los Angeles, has been on a visit of several weeks duration to his former home in Brooklyn, mainly for the purpose of taking a post-graduate course at the Long Island College Hospital. The doctor, who was formerly house and ambulance surgeon at the Eastern District Hospital, and who possesses a large number of friends in this city, believes it a good thing for young professional men to get West and grow up with the country."

FIGHTING OVER THE WATER.

The Cajon Irrigating Company Destroying Dams.

On Wednesday last week, says the Anaheim Gazette, a party of armed men representing the Cajon Irrigating Company, went to the head of the Cajon ditch, destroyed the dam which the Anaheim Water Company had made and threatened the Zanjeros with violence if they attempted to rebuild the dam.

The Zanjero reported these facts to the officers of the company, and Mr. Zeyn, on behalf of the Anaheim Water Company, went to Los Angeles on Thursday and had the necessary injunction papers prepared. The injunction could not be granted by Judge Howard, who having been an attorney in the case, is disqualified, and Judge Sepulveda refused to consider the application on the ground that he had expressed too many opinions in the case.

The Superior Judge of San Bernardino county was telegraphed for, and it is probable that the injunction was granted Friday.

The Cajon Company claim an equal division of the water with the Anaheim Water Company; the latter contend they have rights superior to all other irrigators and the late decision of Judge McNulty confirms this view.

A Just Grievance.

A resident of Boyle Heights called at the Times office yesterday and complained of the foolish practice indulged in lately by the City Water Company of turning off the water suddenly and after a brief interval turning the water on again instantaneously, causing a general "bursting" of pipes and great inconvenience upon the pipes are repaired.

Real Estate Transfers.

AMONG THE HAYMAKERS.

A Special Correspondent on Horseback.

Everybody Takes the "Mirror"—The "Swamp" Country—A Recipe for Getting Over a Barbed Wire Fence.

Everybody Takes the "Mirror"—The "Swamp" Country—A Recipe for Getting Over a Barbed Wire Fence.

Editor TIMES: This morning, having procured more leisure than wealth, we procured a horse and saddle and essayed to take a jaunt into the country in the interest of the Mirror and our own interest.

We galloped over dusty roads and across grain fields—I mean the horse did—in the direction of Tustin. We talked—now I mean myself—to farmers and fruit growers, many of whom are enthusiastic as to their prospects and possibilities.

The fruit outlook is good, white, many, corn, etc., will be average.

Mr. A. O. Fields came recently from San Joaquin county, has a snug little home near Tustin; has also a large ranch ten miles from Stockton, and still another ranch and cheese factory five miles west of Santa Ana. Mr. Goodwin is a thorough gentleman, and takes the Mirror.

Mr. Newell, who lives just east of Tustin, has a fine orchard, and grows fruit growing finely. He also takes the Mirror.

Mr. Z. O. Fields came here four years ago with little or no capital, and now has a home of which he may justly be proud. Mr. Fields showed the writer a strawberry bed about forty feet square, off of which he has sold this season twenty dollars' worth of berries, besides plentifully supplying his own table. He picked twenty-eight pounds of berries, and was at one picking. The plants are still bearing. I was also shown by the same gentleman blackberries, the young growth of which has shot up seven or eight feet in two months, and are ripe.

A motion was made to have a night parade of the fire companies.

An amendment to this, to have a day parade, was lost.

The motion for the night parade was then carried.

A motion was then made and carried to have a special meeting of the four fire companies this Thursday evening, to elect five delegates apiece to a convention, which will decide upon a line of action.

A gentleman from Missouri gave the writer his opinion of the value of real estate here as compared with lands in the East. He claims that ten acres of land here, with the same labor and capital expended on it, will produce as much as two hundred acres in some of the Western States. And to bear out his statement he showed us a piece of alfalfa which is yielding two and a half tons to the acre. This is the second crop this year, and he expects to cut three more crops at least before the year is ended.

In the afternoon we headed toward the section of country southwest of Santa Ana, familiarly known as "The Swamp." Here we had a different country altogether. The land is lower and streams of water, flowing from artesian wells, keep vegetation green and growing. Fine crops of corn and pumpkins and potatoes are raised here.

Mr. Sig Newlander, of Buena Vista, California, is in the city purchasing goods. He reports that the crop of barley in that section will be fair, that of wheat small and the corn crop a medium one. They have just completed a commodious town hall there and are sharing in the general business boom of Southern California.

After spending nearly three months in the hospitals of New York and Brooklyn, Dr. Walter Lindley has returned home to resume active operations in the effort to relieve suffering humanity. The following, clipped from the Brooklyn Daily Times, refers to the special object of his visit East:
